

*Another
year is
drawing
to a close!
With this note, we
send warm
Holiday greetings
to you and yours.*

We wish to thank you for your support, whether it was by attending services, visiting our new website, checking our Facebook and MeetUp pages, contributing to the offering plate, attending our workshops, serving on the platform, administering healing, coming to Message Circle and/or Discovery Circles, enrolling in Unfoldment class, and taking part in Cabinet class. Our church exists and flourishes only through these loving and supportive gestures.

Did you know? Summerland was a proud host of the 2014 NSAC Convention held at the Hyatt Regency in our hometown in October. We are grateful to our stellar mediums who helped with fundraising at Mediums Days and Psychic Fairs over the past few years to make this move forward without a hitch. Also, thanks are due to all the people who contributed their time and efforts to stuff convention bags, help out at the registration desk, provide wonderful gifts to sell or auction off at the Ways & Means tables. A big THANK YOU to all who made this Convention the spectacular and very memorable event it was!

Just as our church flourishes, you can and will bring greater enrichment and prosperity into your own life through the Law of Attraction. Perhaps the Universe has rewarded you through your efforts with a comfortable financial situation, and you are thinking about giving holiday gifts to charitable organizations.

If this applies to your situation now, please consider giving a tax-deductible year-end contribution to Summerland Church of Light. Giving helps circulate energy and moves your ideas and intentions into reality. Please send donations to SCOL, P.O. Box 5209, Hauppauge, NY 11788, and indicate whether these monies should be used for the general fund or for our building fund. Please contact us at summerlandchurchoflight@gmail.com if you have any questions.

Thank you for your support. May Infinite Intelligence surround us all with the gifts of the season: *Love and Light to All.*
