Join us for an afternoon during which time you will be able to *personally practice Trance Mediumship* and to observe your fellow students practice it, too. To assist you in this process Pamela will guide each student into the *appropriate state necessary* through the use of a simple technique. Once in that state of consciousness, the appropriate doorway will be created through which *a loving spirit entity can communicate* through. Each one of us present will then be able to hear the *highly evolved spiritual beings* communicate their words of wisdom.

Fees for the workshop:

Non-church members \$40.00	SCOL members \$25.00
