**Kipper cards** are 200-year-old German fortune telling cards newly introduced to English speakers. This is the newest wave in card reading! If tarot is college, **Kipper is grade school**. They are similar to Lenormand cards, but different and easier. No complex meanings. No scary death cards. Lose your keys? Ask Kipper. Need a date for a party? Ask Kipper. Should I ask for a raise? Ask Kipper. Simple straightforward answers. At this workshop, you will

- Learn the **history** of the cards
- Learn how to **select a deck** (sample decks to use during class)
- Learn the **meanings** of the cards (handouts in case you forget)
- Learn **simple** to **complex** spreads (daily one-card pull to the full-deck *grosse tafel*—with handouts)
- Learn everything you need to know to return home and **do readings!**

Each participant will gain confidence by doing readings for him- or herself and other participants.

Bring a notebook & pen or pencil, a desire to learn, and a sense of fun!

*If you have your own deck, feel free to bring it. Sorry, my decks are for instruction purposes only and not for sale. –Su*
