

Come one, come all to **Message Circles** at Summerland Church of Light

Message Circles are an established Spiritualist tradition through which people gather to get messages from Spirit. Summerland's message circles are open to the public.

After service on the second Sunday of each month, our circle is held in the sanctuary space, with chairs arranged in a circle large enough to hold all participants. The circle is led by one of our advanced student mediums, one of our ministers, or a visiting minister.

... *Can you hear me now?*

We begin with a short prayer and a brief meditation to set a safe and peaceful sense of heightened awareness. Then the circle is opened for loving, supportive messages to be communicated, one at a time, from friends and family members who have crossed over. Most statements are given by our mediums, although anyone can share positive spiritual messages.

Message circles start a short time after our service has concluded on the second Sundays of the month, at about 11:30 AM. Our recommendation for a suggested donation for non-members is \$10 and for members it is \$5.

Hope to see you at our Message Circle!
