Saturday,

April 7

After service,

12:15 AM—1:00 PM

Carl Jung was a Swiss psychiatrist and founder of analytical psychology. He is best known for his theories of the **collective unconscious**, including the concept of **archetypes**, and the use of **synchronicity** in psychotherapy.

Jung believed that archetypes in our dreams were a way to understanding ourselves. Come along on a experiential journey to **discover your dream house**. This house will give you information about your physical, mental, emotional, and spiritual well-being. Instructions will be given on how to **interpret** your personal experience and how to **continue using** this valuable and insightful tool at home.

The instructor has been using this tool for self-evaluation for over 40 years.

Fee for this mini-workshop: only \$5.00 (members and non-members)
